Damien Sivewright

Anne Broun

Penny Mitchell

Helen Bertola

IMPORTANT INFORMATION

First term has come to an end and its time for students to have a well earned break. We hope everyone enjoys their holidays and come back nice and refreshed for Term 2.

We wish supervisor Fran Biggs and her partner Frankie all the best in their endeavours back in New Zealand. Fran has been a supervisor at the college for 4 years and we appreciate her efforts during that time. Penny Mitchell will be Fran's replacement in Term 2.

Recently the college has had a major upgrade with it's phone system. The phone system has been replaced with additional phones being placed in dormitories for emergency contact to supervisors at any time of the night.

The College has received funding to re-paint the common areas, TV room and computer room. These works will carried out during the holidays.

The Albany Residential College had the pleasure of a regional visit by the Manager of College operations, Debra Hardie at the end of term. This is part of regular visits to provide feedback to local operations.

Just another reminder that the Manager and Admin and Finance officer's email addresses have changed. Please be aware of the changes below in the contact information.

Enjoy your Break

YEAR 11 CAMP

The Year 11 camp was held in Margaret River at the end of week 8. A relaxing time was had with visits to Busselton and Caves in the region. Big Thanks to Parent Tania Hockridge in assisting on the camp.

DENTIST

The Government Dental Service located in Spencer Park and Yakamia provides dental care for students up to year 11. If parents would like to utilise this service they must complete an application form through one of these outlets. Any enquiries can be directed to Spencer Park 9841 3967 or Yakamia 9841 3498

GOOD LUCK FRAN

Aerosol Cans

Aerosol spray cans have been banned from the college. Please insure that all aerosols are replaced before Term 2.
